WEDDING PACKAGES

2019/20

**Believers in the
absolute brilliance
of a wedding day.**

Wedding days are amazing: two people taking one day in their lives to bring their closest friends and families together to celebrate their love in whatever wild way they can imagine. Each wedding is a wonderful story to tell and we are all about capturing it in the most natural and unique way possible.

We work closely with you from day one to scheme, dream, and plan alongside you, so that when it comes to the small special moments of the day and our adventures to take your portraits, we can simply capture who you are and the connection that you share.

The packages below are designed so that they work for you. We offer four wedding photography packages that vary in the length of time you need us on your day. We can also change everything up if you have something a little different in mind. All packages include either James or Cam as your photographer and require a flat rate deposit to book in. So let's meet soon to chat about it and find what will best work for you.

James and Cam

A man and a woman are embracing in a landscape. The woman is in the foreground, looking towards the camera with a slight smile. The man is behind her, his face partially visible as he looks away. They are both wearing light-colored, possibly beige or cream, clothing. The background shows a road winding through a hilly, somewhat desolate landscape under a cloudy, overcast sky. The overall mood is romantic and contemplative.

The woman, on the right, has long blonde hair and is wearing a white lace dress and large gold earrings. The background is a soft, golden glow from the setting sun over a blurred landscape.
